Netiquette

Email Etiquette

When sending an email there are a few rules you should follow:

1. Always put a title in the subject area – this lets the receiver know what the email is about.
2. Use proper English and grammar when typing your email – do not use text language.
3. Be polite and friendly – remember you will mainly be speaking to your teacher.
4. Include as much detail as possible including what you have already done to try and solve your problem yourself.
5. Close your email with Thank you or Regards and your full name.

Google Classroom Etiquette

Similar rules apply when communicating through Google Classroom. You can ask your teachers or classmates questions using the “Stream” – Remember everyone attached to your class can read this question!!

You can also send your teacher a private message to ask a question.

When sending a message make sure you are **polite** and use **proper English**, again no text language.
